DESCRIPTION OF HALLBERG-RASSY 94 KUTTER

The Hallberg-Rassy 94 Kutter is a well-planned and safe long-keeled boat of the koster type.

The interior is designed to be both beautiful and functional at sea. The bright and lovely handcrafted wood surfaces provide a wonderful sense of quality.
The cozy saloon features a large table with double drop leaves and spacious sofas that comfortably accommodate a larger group. The sofa backrests can be folded up to create extra berths.
To starboard of the stairs is the pentry and to port is the navigation table.
In front of the saloon is the head located to port.
In the bow there is a cabin with a V-berth.

The cockpit is well-protected, and the boat can be comfortably steered with a wheel sheltered by the doghouse or with a tiller in the open cockpit.

All spaces are cleverly utilized as storage with lockers and drawers, both inside and out.
The engine is well-insulated under the cockpit floor, and the bow thruster assists with harbour manoeuvres.

This HR 94 is being sold by the first owner's family, is in excellent condition, and is sensibly equipped with several updates.
The boat is delivered launched and ready to sail, with winter service completed.

A Survey has been done 20.6.2025 (report available upon request).

The boat is available for viewing in Raseborg, about one hour west of Helsinki, Finland.
