DESCRIPTION OF NAUTICAT 385

Nauticat 385-2010 in formidable condition, very well maintained and updated and lavished over the last 3 years. The boat is easily sailed by one person and, thanks to its manageable size, is an optimal compromise for longer sailings over seas and oceans, but is nevertheless suitable for archipelago sailing. A relatively shallow draft means that shallower seas and archipelagos can be explored.

The season in a Nauticat lasts all year round, with its deck-house design, and the boat is designed by Kaj Gustafsson, who early on understood the importance of providing safety and comfort to Scandinavian sailors.

Many Nautcats sail around our planet, and with this particular example there are all the conditions for successful long voyages.
Attached are specifications of the updates made in the last 3 years, and the boat is inspected on shore by an authorized inspector.
New installations done 2021-2022
New anchor winch on fordeck with a 25 kilo Vulcan anchor
Remote control and handhold remote for this.
Selden electric for the forsail, push button and two 2speed electric winches
Selden push button for main sail = electric furling main with an electric winch that co operate with the main outhaul. Pushbutton sailing.
Dingy davits on the aft.

Inside

2 new electric toilets with flush from the water tank= no smell.
1 new charger/inverter, you can run an Nespresso
3 new lithium batteries a 200 amp = 600 amh total
Heating of the boat when running under engine
AIS 700
Axiom Raymarine chart plotter 2 = inside and on steering piedestal done 2023
New control panels for autopilot.
Handheld autopilot
2 plus 2 beds in two cabins plus 1 extra bed

Manufacturer: Nauticat Yachts
Design: Gustafsson/ Nauticat Yachts
Length: 11.97 m
Length in the waterline: 10.10 m
Width: 3.60 m
Draft: 1.85 m
Displacement: 9,500 kg (empty)
Keel weight: 3,050 kg
Engine: Yanmar 4JH4AE (54hp)
Engine hours: 1031h
Diesel: 335 L
Fresh water: 440 L
Septic tank: 180 L
CE class: A

Equipment
For complete equipment specification see the PDF file above, below are some examples:
Bow thruster Max-Power (duo) 70kg/ 5.8hp/ 12v
Raymarine Raypilot SPX10 Autopilot,NEW displays
Raymarine NEW chartplotter x 2 (Pilothouse+Cockpit), 2023, Model Axiom2 Pro 9S (see invoice 10882 for complete spec).
Raymarine ST70 instruments
Raymarine Radare RD418D 18"4kW
Raymarine VHF - DSC
Webasto AT3900D EVO heater + 2 electric heating elements each 200W
Engbo electric windlass in the stern 1000W
